

Dear SCI Chapter Members,

I know that you're used to hearing from me on TV or at the national convention in Reno, not here in your fundraising catalog. Let me explain ...

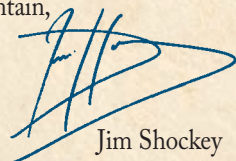

This is a program that we've been working on for some time. As you know, I've donated fully outfitted hunts to the SCI national convention for many years now, helping to raise funds for conservation and to fight for our hunting rights. I've also hosted the "Desert Golf Shootout" for three years to raise funds for the local SCI Arizona chapter, as well as my own fund to take military veterans hunting. But I've wanted to be able to help out even more at the local chapter level of SCI.

So, this program is something personally from me, to all of you chapters out there who do so much to benefit the hunting tradition. I've partnered with a few of my sponsors to put together a selection of products at an unprecedented discount of approximately 75% to you. And, buying any of these packages enters you into a drawing for some really amazing prizes!

These products from SHE Safari, Primos and Crosman are excellent and are chosen specifically with your fundraisers in mind. The SHE Apparel is, first off, top shelf in terms of quality. Secondly, when Louise and I attend fundraisers, she always comments that there are not enough items for the ladies. Now, every guy at your fundraisers has a chance to make his better half really happy by bidding on this gear. The Primos tall tripod trigger stick is the same one I use. You see it with me on every hunt. My shooting success rests on my Trigger Stick. And the Crosman airgun fills the other niche that I see at fundraisers ... not enough product for our young, up-and-coming hunters. This gun is a beauty, one that any kid would love!

So, I personally hope that you take your pick of one of these three packages. I've thrown in a set of my TV series DVD's with every package as well. And mostly, I hope that you are able to raise a lot of dollars from this program and that you can continue to do all of the good work that you do. Thank you for everything you do ...

See you on the mountain,

Jim Shockey
